Editor's Note

The Journal of Contemporary Issues in Business and Government is a cross-sector, interdisciplinary scholarly journal published by Curtin Business School at Curtin University. The Journal aims to advance the science of management by publishing papers designed to inform management praxis through the dissemination of applied research. The Journal follows a double blind refereeing process and currently publishes two issues each year. Submission of a paper to the Journal is held to imply that it is original work and that it has not already been published or submitted for publication elsewhere. Potential authors are encouraged to communicate with the Editor-in-Chief about the possibility of publishing special symposia, papers and book reviews. Details of publication requirements are available at www.business.curtin.edu.au/business/research/journals.
